Apr 06, 2026

Dear Members,

I am proud to announce my candidacy for Vice President of LEC 57. As your current Communications Chair and a Grievance Representative, I have had the privilege of advocating for our members and ensuring their voices are heard in even the most challenging situations.

In my current roles as Communications Chair and Grievance Representative, I have had the opportunity to work directly with our members and advocate on their behalf in a wide range of situations. From attendance and scheduling disputes to more complex EAP/DAP matters, I have consistently worked to ensure fair treatment while holding management accountable every step of the way. Through both basic and advanced grievance training at our international office, I have developed the skills necessary to navigate complex issues and support our members with confidence and professionalism.

My perspective is also shaped by my experience in a non-union environment, where I saw firsthand how easily management can take advantage of employees without strong representation. That experience continues to drive my commitment to this work and reinforces my belief in the importance of protecting our contract, our seniority, and one another.

As a Dayton native and Philadelphia-based flight attendant, I understand the unique challenges across our bases. I value the importance of maintaining and respecting seniority while also ensuring that new flight attendants feel supported and welcomed. I believe a strong union is built on communication, accessibility, and trust, and I am committed to strengthening those foundations.

I respectfully ask for your support and your vote for Vice President of LEC 57. It would be an honor to continue advocating for each of you and to serve in a greater capacity. I am committed to being a strong, accessible, and accountable leader who will always stand up for our members and protect what matters most to us.

Sincerely,

Logan Arnett- VP Candidate LEC 57
